Dear Karim,

On behalf of the Cardiac Health Foundation Of Canada, I would like to thank you for all your help in administering our WALK OF LIFE 2011 at the Ontario Science Centre and ET Seton Park in Toronto. Your help with the pre-Walk set up on the evening of Friday May 13th and during the event itself on May 14th was so much appreciated. Your quick thinking in solving signage issues, registration set-up and help with volunteer co-ordination and event wrap-up was invaluable and contributed greatly to our success.

Over 1500 participated in the GTA WALK OF LIFE and more than 175 completed the new 5 Km run. Our goal of raising \$450,000 has been met and donations are still being collected. And over 27 cardiac rehabilitation centres across the country as part of the National Walk of Life campaign are administering their events and look forward to receiving grants from our foundation to augment their local WALK, cardiac rehab facilities & educational programs.

Thank you for volunteering your time, being a part of our team and for playing such an important role in our WALK OF LIFE event.

Sincerely,

A handwritten signature in cursive script that reads "Barb".

Barbara Kennedy
